

## JUNE ACTIVITY

# "REBUILDING THE PAST"

An illustrated talk by consultant historian, PHILIPPA WATT  
in the Mayor's Room, Fitzroy Town Hall  
at 8 p.m. Wednesday 16 June 1993

PHILIPPA WATT has recently completed an MA in Public History at Monash University and will be talking about her research into an interesting popular trend in Melbourne, the trend of building imitation period-style houses. She will discuss the motivations of individuals who have built such houses through the use of several case studies, give some background information on the development of the trend and speculate on its consequences. She will also talk about public uses and interpretations of history and heritage and the commercialisation of heritage. The house above is typical of the trend; it is just three years old! It should be a fascinating night, stimulating much discussion. Please come along and bring your friends. Supper will be served.

Cost:            \$2 for members of The Fitzroy History Society,  
                      \$3 for non-members.
